

Plot of $z = x^2 + y^2$.

```
1 var('x y')  
2 z=x^2+y^2  
3 plot3d(z,(x,-2,2),(y,-2,2),color='yellow',aspect_ratio=[3,3,1])
```

The contourplot of $(x, y) \mapsto x^2 + y^2$.

```
1 contour_plot(z,(x,-2,2),(y,-2,2),labels=0,fill=0,figsize=2,ticks=[[[]],[[]]])
```
